

inTennis is a fantastic solution to our management needs. We have tried many programs from around the globe but most were either too complicated or too simple, in other words they didn't cater specifically to Australian tennis centre needs. **inTennis** fills that gap.

Kim Warwick

6 times Grand Slam Champion

Centre Manager, **Kim Warwick Tennis Academy, NSW**

inTennis is a fantastic all round package for the coach or centre owner alike. It has been able to manage all of my squads with ease, give me all the information at the touch of a button – and best of all give me less time in the office, and more time on the court coaching. There are other solutions out there, but none of those have come close to **inTennis**.

Anthony Moore

Principal, **Moore Tennis, NSW**

Court Hire section of **inTennis** is easy to use. It enables our 16 court complex to control court bookings easier, rather than a manual system. It is also great for permanent and advanced bookings.

David Cochrane

Operations Manager

Pennant Hills Tennis Centre, NSW

inTennis is a great program for my business. It's basic and easy to use. The staff are friendly and were a fantastic help in getting us up and running. I also appreciate the fact that they listen to our suggestions in regards to what we need and are always looking at ways to improve the product.

David Falconer

Head Professional, **Tennis Cove, NSW**

As I am always looking for ways to improve my operations, the **inTennis** software solution has enabled improved squad management, it allows for easy and effective court bookings; gone are the days of booking courts on a large piece of paper! Tracking customers is easy and enables fantastic opportunities to communicate specials to them.

The support that the SportLogic team offers is fantastic. If you are serious about running a great facility, the **inTennis** software solution is for you.

Andrew Sun

Director, **Max Tennis, NSW**

The **inTennis** software allows us to manage our client list, bookings and court management all in one package. The user friendly format required a minimum of training for our staff to quickly become competent. The booking system in particular has greatly streamlined this important aspect of our business - we can accurately and quickly respond to a clients request for court hire, double bookings are now a thing of the past. Allowing us to maintain a historical reference of court usage patterns has helped us maximise our booking schedules - and our bottom line.

Brett Lennard

Head Coach

Rising Star Tennis Academy, ACT

inTennis is a must have software solution for tennis coaches & centres. It has enabled me to cover all aspects of areas to run my business with ease and simplicity like never before!

These aspects include:

Class Management keeping track with student's profiles, attendance, payments, invoice printing and more.

Court Bookings allowing me to view all daily bookings ready to print easily and track outstanding court booking payments.

All these important functions and more to help me save my time and maximise my business.

Finally a software product tailored for only tennis with updating features that coaches input ideas and suggestions. Thank you to the SportLogic team for offering #1 service and support.

I highly recommend it!

Daniel Di Lucca

Director, **Tennis First Coaching Centre, NSW**

The **inTennis** program is a fantastic off court tool for the mobile tennis coach like myself. I coach at 5 locations across Melbourne and it is so very simple to use. It covers all facets of a tennis coach from court bookings and invoicing to lesson attendance and much more. Mark's help in the set up was nothing short of professional and it is his ongoing assistance and regular upgrades of the program which makes this program so fantastic.

Andrew Peake

Head Coach, **Peake Tennis, VIC**

inTennis is the most efficient court management system we encountered. We finally found the quality and ease we were looking for. The management modules they provide make the most efficient and user friendly interface we found inside or outside the US. It has taken our operation to another efficiency level and we confidently recommend this software and other products from SportLogic to anyone who is serious about operating above the competition.

inTennis organizes internal operations while giving directors the time to focus on Center Development and planning. Customer service reps and help staff matched the quality of their product and provided us with everything we needed. Special thanks to Mark Chen for all his efforts.

Tamer El Sawy

Owner/Director, **Elsawy Tennis Center, Florida USA**

Sportlogic and the **inTennis** program is the most user friendly and beneficial piece of equipment for our business. We have done a lot of research into Tennis specific programs before finally we found one with which we have total faith in, it covers everything our business needs.

We are very impressed with the after sales service and quick response with which Mark reply's. We like that Mark is open to new ideas and encourages feedback to improve his already magnificent program. We are looking forward to working with Mark and helping him develop and move forward with the software and we have no trouble in recommending it to any potential customers.

Trudi Musgrave & Adam Clare

Head Coach & Tennis Director

Trudi Musgrave Tennis, NSW

I have been a Tennis/Badminton coach in North West Victoria for over 20 years. During that time I have spent many hours on sports administration, especially data base functions/formulas for all my pupils/programs. I have not been able to find a suitable program where all my requirements are in a single program. Just last week (May 15, 2008) I was sent a brochure via my Wilson Sponsorship Manager.

It did not take me long to realise that this program has all the enhancements I need. From managing Private Lessons, Pee-Wee Tennis sessions, Squads and Clinics, the system catered for all my needs.

After a short email to Mark, the software arrived, and even in the space of only 2 days, my systems have all been amalgamated into one easy program.

I have found Mark Chen very enthusiastic towards assisting in the initial setup, and interested in any personal requirements I may need to enhance by business.

I have found "inTennis" very simple to use, even with the many and varying functions and reports.

I now look forward to my administration tasks and am able to spend more time in developing and marketing my business.

Max Baldwinson
Accredited Tennis Coach — A.T.P.C.A
Accredited Badminton Coach — A.S.C

inTennis is a great software solution to aid the management of a tennis centre. The software is easy to learn and understand, and has so many functions that have helped keep track of all activities being run at the Memorial Drive Tennis Centre.

I commend the **inTennis** team for the research they have put into Australian tennis centre needs, and it is great to know that the **inTennis** team is always looking for feedback and improvements to the package to further it's capabilities.

inTennis is the best tennis centre software that I have come across, and I look forward to further advancements to the program.

David Hearne
Tennis Operations Manager
Memorial Drive Tennis Centre, SA

inTennis has made my business so much easier to organise, all facets of a tennis business have been catered for and the layout is brilliant. Class organising and invoicing has never been easier. I would highly recommend this software.

Nick Board
Director, Topspin Tennis, VIC

I would like to take this opportunity to congratulate SportLogic on developing such a user-friendly software solution. **inTennis** has streamlined the operations of our business allowing us at the touch of a button to effectively manage our class list, student profiles and attendance patterns. The greatest feature we have found so far is that it has automated our invoicing process which has saved us time and money no more manual systems – we love it.

We also appreciate the support we receive from the SportLogic team – it is second to none. We would highly recommend this software.

Kurt Morrison
Head Coach
Cherrybrook Tennis Coaching Centre, NSW

When I first saw **inTennis** at the coaches conference, I thought "**This looks great. An easy software package that looks user friendly**".

After deliberating for some weeks, I finally bought the program and have not regretted it since. I have been using the program for 2 school terms and it makes life a lot easier.

It is easy to set up and use. Makes court booking, invoicing and lesson planning much easier than using spreadsheets.

Nicky Mayer
Club Manager, Gove Peninsula Tennis Club, NT

One of the main challenges we have faced as new Centre Managers has been the financial management of coaching fees; that is the monitoring and collection of. We have been using **inTennis** since the beginning of 2008 and it has had made a huge positive impact on this area of our business.

Mark Chen of **inTennis** is extremely receptive to feedback and it just keeps getting better! We receive regular version updates and each one has functions that make not only the financial management side easier but also the management of coaching groups, squads and privates.

We are very glad we invested in the inTennis program!

Treena Monroe & Warren Foote
Centre Manager, Red Centre Tennis Academy, NT

I have only recently purchased the **inTennis** software (Oct 08) and have used it for the first time in generating invoices, and planning classes. Once the information is in the database, then it's a very simple process that is both extremely quick and easy to do. This process will be saving me a lot of valuable time in the future and to have the lessons plans, client contact details, invoicing and payments systems all in one program is the reason why I purchased the inTennis software.

Mark is also extremely helpful and willing to spend time on the phone with me whenever I need him. He provides excellent customer follow-up and very prompt service and this is also important especially when starting out with the program to know that when you need help, it's only a phone call away and you never have to wait.

inTennis is already a great program and I know that Mark is adding to it constantly to improve it (with SMS capabilities now available). If you are spending way too much time with your planning and invoicing than I recommend this program to you.

Allan Say
Director, **Pro-Am Tennis, QLD**

Managing a large tennis complex can be difficult when it comes to court bookings. **inTennis'** court booking system solves all of our problems by being easy to use while being thorough with reports and recording payments. I have a lot of staff that work in my pro-shop and with **inTennis** the court bookings are more efficient. There are no double ups during peak periods when a lot of coaching and competitions are being held. No more pieces of paper for my court bookings.

This is the best purchase any Tennis Centre operator could make.

Tim White
Managing Director, **Advantage Tennis Academy**
Richmond Tennis Centre, NSW

As a coach running a business spanning three clubs and a number of schools, I have found the **inTennis** software a great tool for managing my business. I have also been extremely pleased with the speed and content of the online support received and the company's receptiveness to feedback and responsiveness to our individual needs. I would certainly recommend **inTennis** to other coaches in a similar business environment to ours.

Tim Seymour
Head Coach, **Tennis Extreme, UK**

inTennis has helped us set procedures and become more professional and organised.

Jay Salter
Universaltennis (Uten), VIC

I am writing on behalf of Killara Lawn Tennis Club and Nat Phee Tennis. We recently purchased the **inTennis** program from SportLogic to help manage our complex of courts and membership base. It is a masterpiece!! If you want software to help in the day to day management of a tennis centre-club or squash courts, this is it. It will save you time and money and provide all the details you need at the click of a button. I cannot recommend this program enough - give it a try, I am positive you will be as happy with it as we are.

This testimonial is provided to SportLogic for no payment, we just think it is great and would be of untold benefit to other sporting operators. Great Australian product.

Nathan Phee
Owner, **Nat Phee Tennis**
